TRAINING. SIMPLIFIED.

AFFINITY  **INSIGHT**

One-time training is great for introducing new products and versions, but users benefit the most from ongoing and just-in-time training. With regular training, users retain more information and are better able to apply the training to everyday tasks.

How do you get ongoing training for your team? That's where our new training membership program for legal organizations, Affinity Insight, comes in. Affinity Insight offers three levels of membership to meet your organization's ongoing training needs.

STANDARD MEMBERSHIP

Standard membership is the foundation of Affinity Insight, including Affinity University and Course Manager. Standard membership includes:

- Hundreds of training videos, covering more than 20 software programs, security, technology, leadership, efficiency, and product reviews;
- New training videos as they are added;
- Individual user logins;
- User lists and custom content upload;
- Course and deadline assignments; and
- Progress tracking and reports.

PLUS MEMBERSHIP

Looking for more? Affinity Insight Plus membership includes Standard membership benefits, Affinity's software manuals for legal professionals, and at least 24 Virtual Power Hours - hour long, live, webinar training covering core production tools with question and answer.

PREMIUM MEMBERSHIP

With Affinity Insight Premium membership, your concierge trainer works with you to develop a custom training plan, including six Lunch and Learns, and an onboarding plan. Your concierge trainer will meet with you quarterly to discuss the effectiveness of the training program and ensure you are getting the most from your membership. Premium members also receive 10% off of our custom onsite training engagements.
